

Machine Guarding – BASIC SYSTEM

Our machine guarding and safety systems are tailored exactly for you. All safety equipment is designed and manufactured to Machinery Directive 2006/42/CE.

A machine guard protection system designed to prevent accidents consisting of uprights 40mm x 40mm and panels with frames 20mm x 20mm that are connected by screws & fast-assembly clips patented by SATECH.

Utilised for most plant and machine applications for protecting personnel.

All Satech products have been designed in accordance with the European Directive on the Safety of Machines (2006/42/CE).

25% TIME SAVED

Compared to traditional systems

-  RAL 9005
-  RAL 1021
-  RAL 7035
-  Special colours

“Our vision is to be the supplier of choice for warehouse and industrial identification, safety systems and associated products, offering clients a quality-driven, total solution via multi-channel procurement methods.”
