

Steel Partitioning

– Mesh 1" x 1" & 2" x 2"

We supply major mesh partitioning systems – each is powder coated as standard, with the option to be galvanised for external applications if required. They offer the ideal solution when a well-ventilated, secure area is required.

1" x 1" x 10g mesh partitioning

For additional security when storing wines, spirits, tobacco, and aerosols or for bonded areas, we supply 1" x 1" x 12g mesh partitioning.

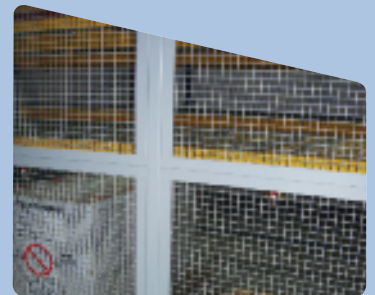

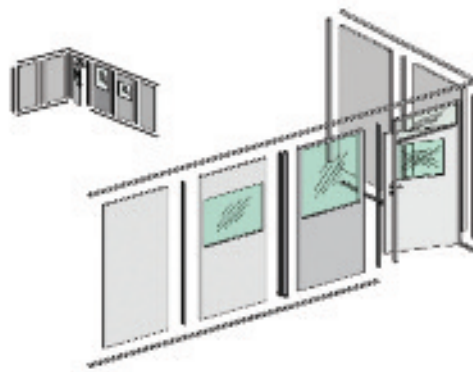

Specification

Panels are constructed from 43 x 43 x 1.2 mm (18g) section 3mm thick. cold rolled angles and 32 x 32 x 0.7mm (22g) cold rolled tee bars with 25 x 25 x 2.5mm (12g) weldmesh sheets spot welded into the framework, supported by 50 x 50 box section 3mm thick.

2" x 2" x 10g mesh partitioning

Specification

Panels are constructed from 43 x 43 x 1.2 mm (18g) cold rolled angles and 32 x 32 x 0.7mm (22g) cold rolled tee bars with 50 x 50 x 3mm (10g) weldmesh sheets spot welded into the framework, supported by 50 x 50 box section 3mm thick.

“Our vision is to be the supplier of choice for warehouse and industrial identification, safety systems and associated products, offering clients a quality-driven, total solution via multi-channel procurement methods.”
