

# Polymer Column Protectors

**“Protection and safety at its most effective - guiding busy HGV and MHE vehicles to safe trucking routes avoiding collision with structural columns.”**

**Highly visible safety and cushion from HGV/MHE impacts.**

## Polymer Column Protectors will reduce:

- Collision, impact and potential operator injury
- Vehicle damage associated with impact to un-protected columns
- Building structural issues associated with impact to steel columns
- On-going re-painting of columns to maintain intumescent paint integrity

## Features and benefits:

- Attractively and robustly designed to protect structural columns and vehicles from damage
- The (air cushion) impact energy absorbing design, also reduces risk of operator injury
- Stackable design means columns can be easily recognised by HGV and MHE operators
- Clam shell design with a ‘dimple and rib’ feature, providing a 20mm tolerance on steel column dimensions and ensuring
- A ‘snug and robust fit’, secured by 250kg rated ratchet action webbing straps
- Tough Polyethylene moldings will stand up to all weathers

## Technical specification:

- Manufactured in the UK from medium density polyethylene
- All weather temperature range of -40 to +90 degrees
- Designed & tested to withstand in excess of 2.5 tonne impacts at 7mph
- **OPTION** - Diamond grade 40mm hi-vis reflectors can be added for external locations
- **OPTION** - Custom colours can add that touch of class and or BRAND connection - 10 year UV stabilised material formula

# Labelling and Safety Solutions

## About us

At ASG Services we have gained an excellent reputation for providing the most appropriate labelling and safety products to meet the specific requirements of our customers.

By providing a range of products in each of our specialist fields we are able to provide the optimum solution for every client from one source.

From our beginning over fifteen years ago we have been constantly developing our products and services.

We have a considerable depth of knowledge in all labelling and industrial floor marking and painting systems specific to the warehousing and distribution industries.

Our success in developing line marking to provide personnel segregation systems, is complemented by our other safety solutions which include internal security mesh, safety signage, plus barrier and column protection.

Our unique product and service offering is very attractive to companies looking to satisfy all their needs from a single source.
